# Current schemes in Nottingham offer

Local Jobs for Local People

Apprenticeships and trainee opportunities

Work experience

Targeted recruitment and training of our hard to reach

# National Skills Academy for Construction

The Skills Academy will allow us to further strengthen what we have

Provide additional opportunities for training and employment

# EMPA frameworks

Will provide local Nottingham firms with potential contracts, 80% of whom are SMEs

Allow some of our contractors to move from the lower value frameworks to higher ones

An opportunity for local small contractors to move up the supply chain tiers and grow

# Social and economic benefits for the region

Opportunities for inward investment through a better skilled workforce

More economically active residents

Support to the local construction industry

# Lets get it right

The right job

For the right person

With the right skills

At the right time

Local people who have the skills employers want

Thank You
